

Faith-Based Blood Drives

Checklist for Success

- Pick Your Day and Date.** While Sundays or your day of worship can be ideal, weekend days should be reserved well in advance to ensure that they are available.
 - Explore your congregation's calendar of events to look for synergies with other events; women's group meetings, pancake breakfasts, children's religious instruction days, book fair, etc.
 - Brainstorm different day of week and date options with both your committee and organization's religious leader to help pick the day that is best for your establishment.
 - Remember, to meet patient needs, hosting a blood drive on or around holidays is especially important.
- Establish Blood Drive Donation Goal.**
- Form a Committee** The more the merrier!
 - Seek members from across your congregation; leadership, Youth Group, other committees, etc.
 - Hold a blood drive planning meeting with your team and NYBC Account Manager (AM).
 - Schedule sign-up or information tables.
 - Speak at services, schedule pledge weekends. (Your AM is available for pulpit appeals if there is no one within your organization.)
 - Speak at religious education classes.
 - Reach out to your entire congregation to identify new blood donors and place special emphasis on calling past blood donors. (Your AM will provide you with your donor list.)

 - Display pre-drive signs.
 - Post on your social media and website.
 - Invite neighboring houses of worship or businesses.
